PH said that a member of the public had approached him with concerns regarding Rugmoor Farm being advertised as an events venue on the web site Borrow My Garden and the impact this could have on the AONB, villagers and wildlife.

GF thought that this type of venue would need a licence to operate. PH explained it may be able to operate under the 28 day rule, however as the location is in the AONB it may not apply. IW expressed concerns over the increase in traffic for such events and associated noise. It was also mentioned that there had been some hedge maintenance and tree cutting and extensive ground work completed.

The main areas of concern discussed were; increase in traffic, intention to use second entrance to the property, noise, impact on wildlife and the environment. PH said he would bring it to the attention of the enforcement team.

IW completes a once a month checklist which is then registered with the ambulance service so they know there is a defibrillator in the area and it is in full working order.

IW mentioned training and advised that there was a simple training video online but there would be a benefit appointing someone to conduct some group training and offered to approach two of her contacts to undertake this. PH agreed this would be a good idea and it should be offered out to all residents to attend. GF said that he had been fully trained.

PH explained due to holidays and difficulties arranging an alternative date there would be no meeting on 4th August GF, JE and IW agreed. Clerk to keep an eye on any planning applications and highlight anything of concern and an emergency meeting can be arranged if necessary. Next meeting date agreed 1st September 2026.
